

Disaster prevention cards (for three people), cut out and utilize.

Whether evacuating or not

You have to make your own decision about evacuation for safety.

Evacuation timing

- When municipality instructs you to evacuate.
- When there is fear of landslide or tsunami.
- When there is fear of the building collapsing.
- When there is fear of fire spreading in the neighborhood.
- When your home is on fire and the flame reaches the ceiling.

How to obtain evacuation route information

When it is necessary to evacuate, the municipality will spread evacuation information using the following routes.

- Neighborhood associations and voluntary disaster prevention groups.
- Loudspeaker vans.
- Emergency broadcast systems.
- Homepages on the Internet.
- TV and radio stations.

Take note of evacuation sites in the neighborhood

Primary evacuation site

The first place to evacuate to when a crisis is imminent.

Wide area evacuation site

The place to evacuate when the whole district is in danger at the time of an earthquake disaster.

Evacuation site for flood

Some lower areas designate certain sites specifically for flood situations.

Meeting point for your family

Establish beforehand a meeting point with your family in case of separation during a disaster.

The list of emergency items to take along

Do not forget regular checks for items.

The list of emergency items to take along

Prepare a bag or case, which is easy to grab during the time of emergency evacuation

- Food (dried bread, canned food, dehydrated food, etc).
- Drinking water
- Helmet Flashlight Portable radio
- Cellphone charger Batteries
- Writing utensils Toiletries Medicines
- Valuable items Change of clothes

Stockpile list
